

LLC 60W RGBW SMART LAMP

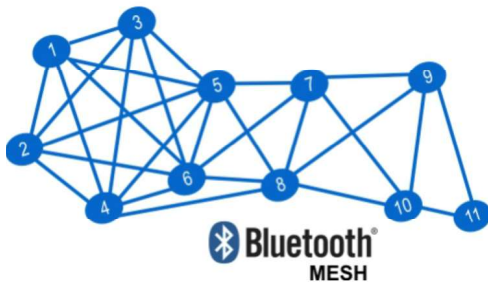

Add vibrant color mixing lighting to your Cityscapes, Bridges, Parks, Shopping Areas and Campuses with LLC BLE LED SMART LIGHT Series. Provide a welcoming environment that attracts people and businesses to downtown areas, while maintaining enough light to meet illuminating standards with basic white lighting. The BLE Mesh Network is scalable and BLE Smart Lights can be added to the system on a custom basis according to budget. BLE Smart Lights can be programmed to accommodate Dark-Sky Initiatives and Wild-Life Friendly lighting policies (580-620nm) in coastal areas.
